Commissioner Tools and Exploring Units

National 05/04/2016

Many unit commissioners are currently serving traditional and exploring units. In early 2017, Commissioner Tools will include exploring units allowing councils and districts to assign and enter contacts for traditional and exploring units, except Learning for Life. The National Commissioner Service Team is working with volunteers and professionals from the National Exploring Committee to develop tools that will help volunteers serve exploring units more effectively as we move forward together in service to all units. We will communicate to commissioners as new tools and resources become available in the future.

BECOME A TRAINED LEADER

Common sense tells us training is important, and research shows the importance of trained leaders. A trained leader is knowledgeable and more confident in the role being performed. Trained leaders exhibit a knowledge and confidence that is picked up by the people around them. Trained leaders impact the quality of programs, leader tenure, youth tenure, safety, and a whole lot more. A trained leader is better prepared to make the Scouting program—serving our youth—all that it can be!
